March, 2010

Welcome to the Hotel Los Arcos newsletter. We have had a busy winter season and have met many new people and made many new friends. In addition to serving all travelers, we are northern Sonora's choice for motorcycle friendly accommodations, providing support, ride information and insider info for riders. As owners of [Turkey Creek Motorcycle Tours](#), we have made many new contacts in the motorcycling communities of Arizona and Sonora.

March, April and May are one of the best times to visit northern Sonora and the Rio Sonora Valley. Enjoy pleasant afternoons and cool mornings with blue skies by day and the moon and stars at night. Come visit this special place, a safe and tranquil place full of friendly people, plentiful wildlife, and gorgeous views of the Sonoran desert in bloom. Semana Santa - Easter Week is fast approaching so reserve now.

Let Hotel Los Arcos de Sonora be your base to explore and discover the enchantment that is the Rio Sonora. Our beautifully landscaped patio and ten individually decorated rooms provide a serene refuge from the cares of modern life and a gourmet breakfast is included in your stay. Gourmet coffee is available all day.

If you are planning a visit to Kino Bay or San Carlos, why not take the long scenic route and discover what the Rio Sonora Valley has to offer? Take your time and get to know the small towns along the valley, stop and view the churches and town plazas that give rural Mexico its identity. While here, visit the thermal pools.

### **Gift Shop**

The gift shop at Hotel los Arcos de Sonora is open and filled with great items. Everything from the classic sombrero, to hand crafted lariats and fine Monterrey silver. We have hand-painted ceramic items, beautiful paintings and much more.
