Welcome to the Hotel Los Arcos May newsletter. The weather has been grand with cool clear mornings and warm sunny afternoons. We had a busy Semana Santa - Easter Week -with many people in town visiting relatives and folks in from Arizona. The first of May brought the International Mountain Bike races to Banámichi and the whole town turned out. May and early June are the perfect time to visit Banámichi and the Rio Sonora. The desert is in bloom and the weather is beautiful.

All the hard work Lynn and Rosa put into the gardens and planting areas has paid off. The courtyard is bursting with the color and fragrance of flowers. The bougainvilleas are exploding with blossoms. Come and enjoy this haven of serenity.

When you get hungry, wander over to the Taquería de Martin. Martin cooks genuine Sonorana beef over a mesquite fire and serves the best carne asada tacos your likely to find anywhere.

Let Hotel Los Arcos de Sonora be you base to explore and discover the enchantment of Banámichi and the Rio Sonora. Our beautifully landscaped patio and ten individually decorated rooms provide a serene refuge from the cares of modern life and a gourmet breakfast is included in your stay. Gourmet coffee is available all day.

Banámichi is a quiet and safe small town, Come and wander. Meet the people of the Rio Sonora and take your time and get to know the small towns along the valley, stop and view the churches and town plazas that give rural Mexico its identity. Horse back ride, walk along the river at sunset or visit the thermal pools nearby. Planning to visit Alamos, Kino Bay or San Carlos? Then take the long scenic route and discover what the Rio Sonora Valley has to offer.

Gift Shop

The gift shop at Hotel los Arcos de Sonora is open and filled with great items. Everything from the classic sombrero, to hand crafted lariats. We have hand-painted ceramic items, beautiful original Mexican art work and much more.
